

Imbue Ventures' Young Adult Provision: YAP Untapped

Our provision for young adults aged 16-25, focuses on building life skills, enhancing employability and integrating into society, in an alternative social learning environment.

We aim to help those; who may have struggled in secondary school, having been sent to a special education school or are currently NEET, as they navigate the transitions and struggles into college, the workforce or day to day life etc. At Imbue we believe in carrying on every young adult's development and education in a more relaxed and open environment; giving students the chance to learn new skills, enhance existing ones, and work towards their goals of employment, further education, or successful integration into everyday life.

We focus on social integration and creating a community with our staff and students, where everyone feels welcomed and accepted, regardless of ability or capability, allowing us to help Young Adults gain confidence and build a supporting community around them, while also guiding them into the rather different world of Employment, Further Education or Moving out etc.

- Life Skills Development:
 - From basic tasks like washing clothes and preparing meals to crucial budgeting skills, we equip our students with the practical knowledge needed for independent living.
- Employability Skills:
 - Our program emphasizes the development of essential workplace skills such as customer service, mentoring, and administrative tasks. Additionally, we offer specialized training in areas like coding, computer maintenance, diagnostics, and media/design.
- Social Integration:
 - Imbue is more than just a learning environment; it's a community. We prioritize creating a welcoming and inclusive space where every individual feels accepted and supported. Through team-building activities and collaborative projects, we empower our students to build confidence and form lasting connections.

Imbue ensures an inclusive diverse space for individuals to learn valuable work skills such as customer service, mentoring and admin etc, as well as life skills, such as washing clothes, preparing meals, budgeting etc. Alongside this, we aim for each Young Adult to learn and enhancing in technical proficiency, such as programming/coding, computer maintenance and diagnostics and Media/Design.

With our Young Adults, we encourage independence, logical thinking and innovative techniques in order to enable students to make a difference to their community and more fully participate in society.

At Imbue, we specialize in providing tailored support and guidance for individuals who may have faced challenges in traditional educational settings.
